PROFESSIONAL SUMMARY

BCA student and aspiring Python Full Stack Developer with hands-on project experience in Python, FastAPI, React.js, and Next.js. Built projects involving REST APIs, JWT authentication, database management, Docker, and automated testing, including an AI-powered Resume Matcher, a Smart File Organizer, and a photography portfolio website. Seeking an entry-level role to contribute to real-world software and grow as a full-stack developer.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, SQL
Frameworks & Libraries: React.js, Next.js, Node.js, Express, FastAPI, Django, Tailwind CSS, Bootstrap
Databases: MySQL, MongoDB, MongoDB Atlas, SQLite
Cloud & DevOps: Docker, Kubernetes, Git, GitHub, Vercel
Tools & Testing: Postman, PyTest, Jest, Socket.io, VS Code

PROJECTS

AI Resume Matcher github.com/narendradodke/resume-ai-matcher
Python, FastAPI, TypeScript, Next.js, SQL, JWT, Docker
- Built an AI-powered app that compares resumes against job descriptions and generates a match score.
- Implemented PDF resume upload with text extraction and analysis of relevant and missing skills and keywords.
- Developed JWT-based authentication, a user dashboard, and resume improvement suggestions; added automated tests and Docker-based setup.

Smart File Organizer github.com/narendradodke/smart-file-organizer
Python, PyWebView, HTML5, CSS3, JavaScript, Chart.js
- Built a desktop app that automatically organizes files by type and date (documents, images, videos, music, archives, code).
- Implemented SHA-256 duplicate detection, file-conflict handling, and an undo feature to restore organized files.
- Created an analytics dashboard with drag-and-drop, customizable categories and extension rules, and automated tests.

LensFrame - Photography Website github.com/narendradodke/photography-website
React.js, TypeScript, Vite, Tailwind CSS, FastAPI, GSAP, Framer Motion
- Developed a responsive photography portfolio with filterable galleries, albums, packages, testimonials, reels, and contact section.
- Implemented dark/light themes and smooth animations; built the frontend in React and TypeScript with a FastAPI backend.

EDUCATION

Bachelor of Computer Applications (BCA) July 2024 - Present (Expected: June 2027)
Makhanlal Chaturvedi National University of Journalism and Communication, Bhopal

CERTIFICATIONS

- **HackerRank:** Python, SQL (MySQL), JavaScript, React, Frontend Developer (React), Node.js (Intermediate), REST API (Intermediate), Problem Solving (2026)
- **Simplilearn:** Machine Learning (Beginner), Advanced Prompt Engineering (2026)

ACHIEVEMENTS & LANGUAGES

- Participated in HackInMotion 2026 (RICR) and received a Certificate of Completion.
- **Languages:** Hindi, English
